2016 - 2020 Strategic Plan

The Needs of Our Community

Licking/Knox Goodwill is in consistent contact with our community by encouraging staff to join service organizations, sit on committees, attend community events, and providing expert knowledge to other non-profit organizations.

After a thorough assessment of the needs of our community, our Senior Staff were charged with setting objectives on needed New Business / Service Options or How to Enhance Current Business / Services. Staff then consulted the individuals we serve and partner organizations to determine the best plan of action.

A Plan of Action

Over the next five years, Licking/Knox Goodwill Senior Staff will be providing quarterly updates as to the progress of each objective. As we move forward, considering the changing needs of our community, the plan will not remain static. Many steps to completing objectives may receive updates or modifications to accomplish the ultimate goal of providing training, employment, and support services to individuals with disabilities and other barriers to employment.

If you would like to learn more about Licking/Knox Goodwill and the services we provide, please visit www.goodwillnewark.com.

- Goal 1: Diversify by Developing New Business or Services
- Goal 2: Provide Improved Product to the Community by Enhancing Current Business or Services.
- Goal 3: Strengthen Mission Through Awareness and Specialized Training
- Goal 4: Succession Planning for Key Positions.

Past, Present, and Future

Licking/Knox Goodwill Industries, Inc. provides training, employment, and support services to individuals with disabilities and other barriers to employment.

In June 1957, Goodwill arrived in Newark, Ohio. An inspired group of women, The Business and Professional Women's Club of Newark, saw there was an expanding number of disabled individuals who were unemployed. From our humble beginnings of one employee, Licking/Knox Goodwill Industries, Inc. grew and was incorporated on November 16, 1977.

Today, Licking/Knox Goodwill employs over 360 individuals. We have

grown to become a record setting organization with diverse business practices.

In late 2016, we purchased the location for our 10th retail store and created an additional 12 permanent jobs in the Fredericktown, Ohio community.

As we look forward to our future, we will continue to provide essential services to our community, including expanding our housing services and creating jobs and training opportunities for people with disabilities.

The Licking/Knox Goodwill Industries, Inc. Foundation

In 2013, The Licking/Knox Goodwill Board of Trustees and CEO/President Timothy J. Young established the Licking/Knox Goodwill Industries, Inc. Foundation.

The Foundation is designed to support and enhance Goodwill's mission by providing resources to our employees, clients, and the local community.

In 2014, the Foundation began accepting academic scholarship applications. To date, 27 scholarships have been awarded to individuals seeking specialized certifications and college degrees.

The Foundation currently offers two types of scholarships: Secondary (for students attending a high school career center) and Post-Secondary (for adult students attending trade school or college).

Application information can be found online at www.goodwillnewark.com/foundation.

GoodGuides Youth Mentoring

The mission of GoodGuides is building positive relationships between youth and adults through mentoring and goal setting, striving to keep students enrolled in school and on a path to being successful and productive members of the community. In 2016, GoodGuides provided in-school mentoring services to 188 students grades six to seniors.

PROGRAM OVERVIEW

GoodGuides builds on best practices and evidence-based approaches to mentoring, job readiness/training, and community partnerships outlined by the National Mentoring Partnership.

The nine-month program (running concurrent with the school year) provides support for youth as they navigate adolescence. GoodGuides Mentoring builds positive relationships with peers, older students and adults.

Activities and discussion topics are designed to teach students to interact with others and to become more involved with their families and the community. Research has shown that when families are strengthened, youth can focus on education and employment skills to improve their futures.

GOODGUIDES BASICS

GoodGuides meet during a non-academic time during the school day. Students never miss class to attend mentoring sessions.

There is always something new during mentoring sessions. Activities and conversation sum up a typical day.

Mentoring sessions are a safe place where you can share your feelings and there is no judgement from your classmates.

LONG-TERM BENEFITS

Participants of the GoodGuides set individualized goals. With a primary focus on graduating high school, students are provided guidance and assisted in the areas of social development, follow-through, family strengthening, and academic improvement.

Job Training in the Community

Goodwill Career Services is a series of programs used to assist an individual's transition into the workforce. Real life people needing assistance is what Goodwill is about.

Benefits to Local Business

Goodwill continually seeks partnerships with local businesses to provide a variety of work opportunities for our Goodwill clients. Employers receive "free labor" in exchange for providing a client the opportunity to transition back into the workforce. Businesses are given the opportunity to evaluate the client's performance and to consider them for hire.

In 2016, our Career Services Specialists placed 69 individuals into competitive employment within our community.

Emergency Voucher Program

Retail stores provide emergency clothing assistance to residents of Licking and Knox counties. Eligibility is determined by area agencies who issue vouchers on behalf of Goodwill. Vouchers may be issued to adults once a year and children under the age of 18 every six months.

Summer Youth

Summer Youth Programs are intended to promote a student's transition from high school to post-secondary education, vocational training, or integrated employment. In 2016, Goodwill provided summer youth training to 40 students.

Services may include an evaluation of the consumer's vocational needs, instruction on vocational topics (such as interviewing skills, work behaviors, basic job readiness skills, and independent living skills) as well as integrated community based work experiences.

Staff work with students to learn job tasks and skills needed in the workplace. Students are paid Ohio minimum wage for work time.

Homeless Housing

Goodwill, in collaboration with the Licking County Coalition for Housing, has four efficiency apartments, four homes, and an apartment complex to provide transitional housing for the community. Veterans are given preference and eligibility is determined by the Coalition.

AbilityOne Program

The AbilityOne Program is administered by the Committee for Purchase From People Who Are Blind or Severely Disabled with assistance from National Industries for the Blind and SourceAmerica - Creating Employment Opportunities for People with Severe Disabilities.

Through the use of a Federal Program called the Javits-Wagner-O'Day (JWOD) Act. Under the AbilityOne Program, Goodwill holds federal contracts and provides employment for people who are blind or have other severe disabilities.

State Use Program

The State Use Program is administered by the Department of Administrative Services creating employment opportunities for people with severe Disabilities within our State Facilities. As part of the State Use Program, Goodwill partners with state agencies and political subdivisions to provide employment for people with significant disabilities and other barriers to employment.

Donate to Goodwill

Donations to Licking/Knox Goodwill's retail stores help fund our mission. Customers may bring donations to any Goodwill store location during normal business hours. We also offer home pickup services for those who are donating furniture or trunkload quantities. Donations are sorted, processed, and distributed to the sales floor for waiting customers. When you donate your gently-used items to Goodwill, you can be confident they will be used wisely. In 2016, 106,962 individuals donated to our retail stores.

The C.A.R.E program provides post-age paid feedback forms at all Goodwill worksites. Employees can fill out the form to address safety concerns, suggest safety ideas, or simply to express a positive or negative safety action they have observed. These forms are reviewed by Goodwill's Safety and Security Committee.
